EVERY LIFE LIVED IS PRECIOUS...

We will help you commemorate your memories every step of the way.

Established in 2004, we are an independent family owned funeral service provider who thrive on knowing that you or your loved ones wishes will be implemented as requested. We understand that the passing of a loved one is a very difficult time for those who are left to cope with the loss. We are here to help while providing individually tailored funerals to suit your budget, beliefs, culture and nationality.

We offer a dignified service at the lowest price. We believe that a funeral service should be a celebration of life and the choices made at the time of arranging a funeral can help to truly celebrate the life of a loved one.

We involve our clients in personalising the service making it much more memorable. Whilst offering sincerity and compassion, we aim to deliver beyond expectations.

Planning can be arranged in the privacy of your own home, or via phone/email correspondence. We work closely with alternate venues for various preferences and budgets.

We acknowledge the Traditional Custodians of the lands we live on. We pay our respects to all Elders, past and present, of all Aboriginal and Torres Strait Islander nations.

Planning a funeral makes sound emotional and financial sense. Not only can it protect your loved ones from unnecessary stress at a difficult time, it also ensures that your own wishes are carried out.

All prepaid plans are issued by KeyInvest and the KeyInvest Funeral Bond is a capital guaranteed investment plan designed solely to accumulate funds to contribute to the cost of your or your loved one's funeral. The account balance cannot be withdrawn prior to death and must be applied towards the payment of the selected person's funeral.
