### Family Values

For us, taking care of your funeral is as much about your family as it is about you. Our family values allow us to provide compassion, understanding and affordable funeral services for local families.

### Old Fashioned Service

Service is important to us, and we go above and beyond for our families always. We are with you every step of the way, 24 hours a day, 7 days a week.

### Celebrating Life

Life should be celebrated, so we work with you to create a lasting, memorable and beautiful celebration of life for your loved ones.

## What is the Family Difference?

We are a local, family owned and operated funeral home based in Cleveland. Our community is part of who we are, the families we look after are part of our family, everything we do, we do it as if you were our own family. To us, you are more than just another family. Our family make it personal when we take care of yours.

## Why Family?

To us, family is the most important thing there is. That's why we decided to have our family come together to provide support, compassion and care to other families when they need us most.

When you engage McCartney Family Funerals to care for your loved ones, you are supporting a local, family owned business who focusses on the important things; your family.

We aren't a big international business, we are a small, close knit family that is dedicated to serving the families of our community.
