Graveside Burial Service

“A simple and respectful funeral service conducted at the graveside of a metropolitan cemetery of your choice by one of our funeral celebrants”

Our professional fee from **\$3,200** (plus cemetery costs)

A Graveside Service is held at the burial site in its entirety. It can be anything from a small intimate gathering with a simple burial committal, to a large gathering of people together with all the requirements for a full funeral service. The service may be conducted by either one of our celebrants or a minister of your choice.

Sensible Funerals can help you personalise the service by catering for seating, canopies, microphones, music, memorial books and cards, floral tributes, release of butterflies and any number of other special requests to make for a meaningful farewell.

Sensible Funerals - Life Celebration Chapel

“A simple and respectful funeral service conducted in our Chapel by one of our funeral celebrants followed by refreshments in the adjoining lounge and a graveside committal at a metropolitan cemetery”

Our professional fee from **\$3,475** (plus cemetery costs)

Our large Chapel can accommodate small services with only a few family and friends in attendance, with seating for 50 where families gather together to celebrate the life of their loved ones. There is on-site parking for 21 cars, unrestricted parking in the side streets and disabled access and amenities.

The Chapel has contemporary decor, reverse cycle air-conditioning, modern and comfortable seating, a surround-sound system and an LCD screen for photo presentations. This provides a wonderful opportunity to present a photographic history of the loved one to guests.

Livestreaming of the Funeral is included in the fee, so that mourners unable to attend can view the Service. The Service is then also available to watch any time thereafter. The Chapel also features a piano keyboard which can be used for special items and/or singing of hymns.

A glass wall revealing a waterfall cascading over granite rock in a tranquil garden setting creates the backdrop for the coffin during the service.

These non-denominational facilities enable family members of all belief systems to bid farewell to their loved ones in a dignified and peaceful environment. The time allocated for the chapel is 45 minutes.

Church, Home or Other Venue

“A simple and respectful funeral service conducted at a metropolitan Church or Venue of your choice followed by a committal at the graveside”

Our professional fee from **\$4,150** (plus cemetery costs)

(Additional Church, Minister’s fees or Venue hire fees may apply)

Our staff have conducted services at Nursing homes and Aged Care facilities, Private homes, Parks and Gardens, Sailing Clubs, Hotels, Club rooms, Halls and Churches of many different denominations all over Adelaide and South Australia.

The “Sensible Coffin” is a respectful coffin of solid construction and is **included** in our price for all burials. Upgraded coffins are available upon request.

Centennial Park – Mawson Chapel

Our professional fee from **\$4,300** (plus cemetery costs)

“A unique and intimate chapel incorporates a serene water feature and lush arrangement of plants at the front of the chapel, creating a calm, peaceful ambience for families to remember a loved one”

Centennial Park – Florey Chapel

“Traditional in aesthetics and custom fitted with a modern art glass feature, the Florey is suitable for both religious and non-religious services”

Our professional fee from **\$4,400** (plus cemetery costs)

Centennial Park – Heysen Chapel

“With vast open columns offering uplifting light and space,
The Heysen is ideal for larger services”

Our professional fee from **\$5,000** (plus cemetery costs)

Enfield Memorial Park – Acacia or Folland Chapel

“The Acacia and Folland reflection rooms look out onto the green gardens of Enfield Memorial Park.

Our professional fee from **\$4,000** (plus cemetery costs)

Acacia Chapel

Folland Chapel

Natural Earth Burial

“A simple and respectful funeral service conducted at the graveside of either “Wirra Wonga” or “Pilyu Yarta” natural burial sites by one of our funeral celebrants”

Our professional fee from **\$3,600** (plus cemetery costs)

A full graveside service can still be conducted, but in a tranquil bushland setting devoid of headstones, grave markers and flower holders. Instead of these man-made distractions, plants and trees are planted and the location of the deceased becomes a pleasant, environmentally-safe place for the family to visit. The body of the deceased is buried in a biodegradable shroud (made of cotton, linen, wool or natural fibre) or an environmentally-friendly coffin (untreated pine, wicker or jute). It comes to the site free of embalming or any other mortuary chemicals, thus not inhibiting the decomposition and allowing the body to recycle naturally. Wirra Wonga, located at Enfield Memorial Park, and Pilyu Yarta located at Smithfield Memorial Park are South Australia’s natural burial areas and they provide for both single and companion burials in a lovely bushland setting.

Natural Pine Coffin with rope handles (Price on application)

Upgraded Wicker Coffin (Price on application)
